Government Polytechnic Pune

2020

Diploma - Computer Science

Percentage : 79%

Prerana Madhyamik Vidyalaya

SSC(state Board)

percentage - 87%

PROJECTS

Food Management App - Ongoing

- The high standard of living has resulted in the wastage of food clothes etc. So, as a solution I am trying to develop a platform where poor and needy people can get the food. "Give what you have more, Take what you need" as tagline says, who has more food will just need to donate the food through the app.

An IOT based Smart Dustbin and A waste Management System

(June 2021 - August 2021)

- Main idea is to enforce the effective management of waste. Our system contains a smart dustbin which is touch-less and it will notify the user when it reaches near to filling the bin. So it will reduce the work of employees who cleans the bins manually they can easily see which bin is filled and directly go to particular bin.

Computer Vision and IOT (t.ly/QxoN)

(April 1 - April 30)

-Object detection. In which object detector identifies the objects in an image.

GST Billing Application.

(Feb 2019 - April 2019)

- The billing app will give information about the user, who, what, when, how much purchased and will give a proper bill including GST with the user name and it will also be saved in the owners database.
