MS OFFICE

Data Structures

Keras

sklearn

Deep Learning

Skills

Adaptability

Team Player

Result Driven

Time Management

Planning & Organisation

Delegation & Outsourcing

Performance oriented engineering student working towards B-tech in Computer Science Engineering (Artificial Intelligence and Machine Learning), who surmounts in maintaining Hardware and Software, developing automation scripts and resolving any technical requests. Possesses well developed communication skills and has the ability to perform as a team.

EDUCATION

BTech | Dy Patil International University

Expected Graduation Date: June 2023-August 2023 Course: BTech- Computer Science and Engineering

CGPA: 8.3/10.0 (4th Semester)

EXPERIENCE

DATA Annotator (Student volunteer Intern)

Remote

Present: 2022

Strata-Unison, New York, NY / September 2021 - November 2021

- Tag and annotate large volumes of Images to serve as input for the machine learning team
- Help aggregate, clean, and organize data for machine learning applications

Research Intern

DY. PATIL INTERNATIONAL UNIVERSITY, Pune, India / June 2021 - July 2021

- Developed an Automatic Evaluation of answer sheet and Marking System
- Helped to refactor the system. Eliminated 40% of team efforts of existing code, with an overall code base reduction of about 30%.
- Developed using Python , Tkinter, XLRD and fuzzywuzzy logic

PROJECTS

- Cancer Detection System (SKIN AND BRAIN)
 - Built a Webapp to predict if a person suffers from skin cancer and brain tumor using MRI scans and Dermoscopic images.
 - Built using Flask, Keras Model, Html, CSS, Javascript, Bootstrap.
- Hospital Management System:
 - A Webapp used to book appointments and handle Hospital operations.
 - Worked as an equal member of a three person team. Contributed to develop the frontend and database.
 - Built using Flask, Html, CSS, Javascript, Bootstrap, PHP, SQL.

Activities

- Participated in GOOGLE 30 DAYS OF CODE https://www.gwiklabs.com/public_profiles/6c5d345c-08a7-4220-8f87-4b3ac89d91ab
 - The program was a kickstart to Computing, Application Development, Big Data & Machine Learning using Google Cloud's training platform called <u>Qwiklabs</u>.
- Student Council Member (DMC High Secondary School) (Aug 2017 DEC 2018)
 - Was In charge of the core team of the Science Section that Planned and Organized Activities, Events and Competition.
 - Held Monthly Council and Coordination Meets and Activities.
